# INNOVATION FORUM

## 18 & 19 SEPTEMBER '24

LET'S EXPERIENCE THE FUTURE

### SIX POINTS OF INTEREST

## INNOVATION FORUM

Showcasing at Innovation Forum involves:

- the process from fibre to textile
- the eco-design of products, garments and accessories
- services for the entire textile supply chain
- ready to order sustainable and circular textile
- lessons learned, sharing experiences and knowledge

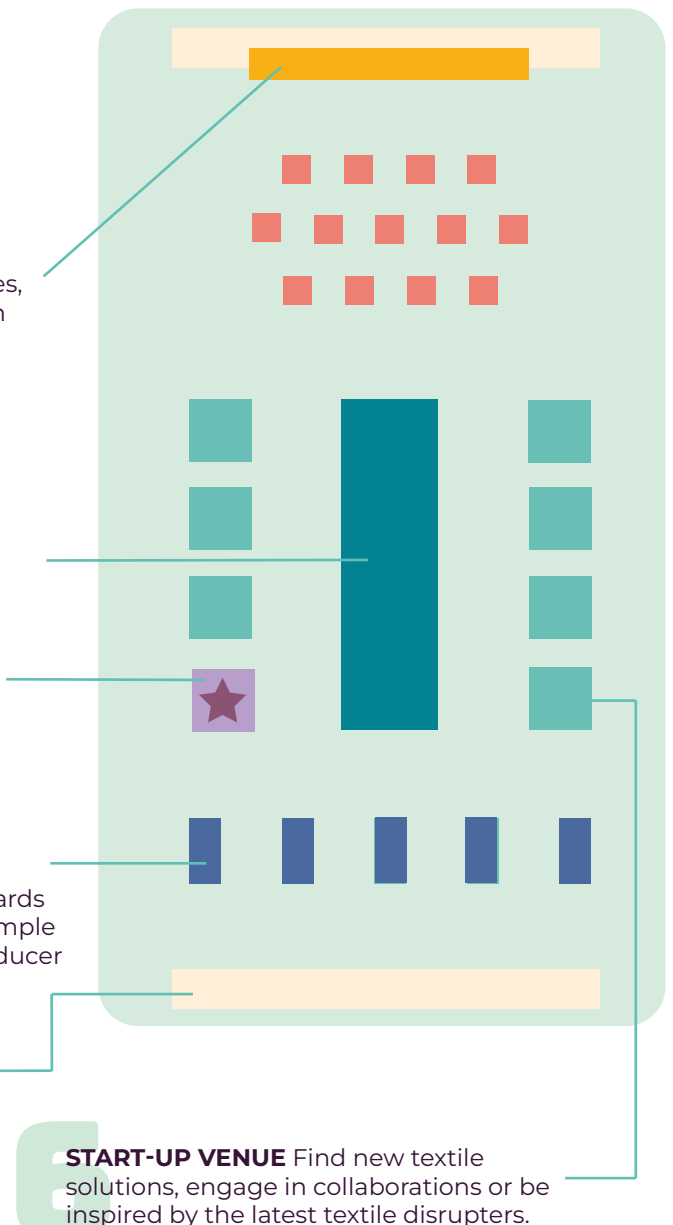

**1 SPOTLIGHT VIDEO** Participants have the opportunity to share their knowledge or innovative concepts during the Forum, with a (maximum) 10 minute video, shown 4 times, over the course of two days. The presentation includes an introduction and a caption displaying company contact details for further acquisition and connection.

**2 INNOVATION HUB** Knowledge centres, research departments of international institutes and academies visualise here their vision and developed materials in the process from fibre to circular textiles.

**3 CIRCULAR TEXTILE DAYS' INFORMATION CORNER** The Circular Textile Days's point of contact for visitors and (future) exhibitors. Here you will get an overview of the Innovation Forum.

**4 KNOWLEDGE BOARDS - YOUR Q&A** On Information boards you find the latest status on laws and regulations for example the Dutch Technical Agreement NTA 8195, Extended Producer Responsibility (UPV/EPR), certification, LCA, footprints, R-strategies according to Ellen MacArthur Foundation and CSRD.

**5 INNOVATION WALL** Attending Innovators and exhibitors show their (textile) innovations here.
